

Captive Management and Consulting

NMG's specialist Captive Management and Consulting team offers clients a full range of services tailored to their unique circumstances. We help our clients generate value through implementing an optimal insurance retention or transfer structure. As truly independent Captive managers and consultants, we advise on the best structure based only on the client's risk management needs, free from the constraints of any existing structures or arrangements.

NMG Captive Management and Consulting (NMG CMC) is led by Daniel Koepfer in Singapore. Daniel is one of the most experienced Captive practitioners in Asia having set-up, transferred, optimised, managed and closed down Captives in Europe and Asia for more than a decade.

Capabilities

The Captive Consulting approach is based upon the following framework:

NMG's Captive Management service offering includes: Finance, Compliance and Regulatory Reporting, Underwriting and Claims

Finance

Management services.

Whilst we provide the seamless performance of administrative, regulatory and accounting services, our consulting approach ensures the key driver of our services always remains the value proposition to the Captive owner.

We ensure the Captive fulfils the objectives established by the owner and work to grow the Captive further.

NMG provides truly independent and non-biased objective advice based on our wide experience to maximize the value to our clients.
